

STEM Summer Institute Underwater Robotics

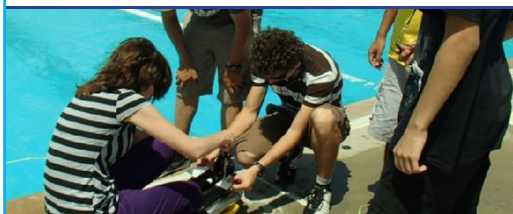

The STEM Summer Institute at

Texas A&M University–Corpus Christi presents:

Underwater Robotics

This program will introduce participants to exciting oceanography research and engineering opportunities, in particular ROV (Remotely Operated Vehicle) operation, through lectures, exercises, hands on activities, design and rapid prototyping, field trips and project competition introduces with prizes totaling \$5,000. Students, ages 16–18, will have the opportunity to live on campus and experience the Island University.

For More info visit the campsite at: <http://engineering.tamucc.edu/stemsi>

Two Residential Camps:

June 9-15, 2013 and July 7-13, 2013

Send all applications to:

Korinne Caruso, Program Coordinator
